OUR BALL TEAM NOW HEADS THE LEAGUE

Three weeks have now elapsed since the opening of the Western Canada League, and it is putting it mildly to say Red Deer is represented by a team of gentlemen and, at the same time, sterling ball players. By winning four out of five games from Edmonton the latter end of last week, and then trimming Calgary by a 5 to 3 score on Monday of this week, we are now on the top of the ladder. Our boys have not lost a game on the home grounds, and at the rate they are travelling at present we will have very few disappointments at home during the coming summer. Next Monday, Tuesday Calgary will make their initial appearance on our grounds. To give everybody an opportunity to see the two leading teams, the game will commence at 6.45 p.m., instead of 6.15. Be present and boost for Red Deer, the coming champions in the Western Canada Baseball League.

Blackfolds

On May 25th, while Constable W. Gillies was making an arrest, an Italian pulled a gun on him, and ordered him to stand back or be shot. Gillies watched his chance, and shortly afterwards placed him under arrest. A struggle then took place, the Italian drawing the gun, pointing it at Constable Gillies, and shouting hands off, you scoundrel. Gillies was too quick for him, however, and jerked the gun out of his hand before he could fire. Three months with hard labor, in Fort Saskatchewan, was the sentence given in this desperate. The prisoner was with a gang of men who were brought from Edmonton to work in one of the construction camps near Blackfolds.

Board of Trade Notes

Will any farmer who has a fine looking piece of grain, or better, where there is any pretty scenery, please advise Mr. Davison, Commissioner of the Board of Trade. The Board can use good specimens of farm scenes, stock, etc., to great advantage, and if you will send a card or call at the Board of Trade office, arrangements will be made to have pictures taken. The following application has been received at the Board of Trade office: "I now write you asking you if there are any vacancies for a married couple upon a ranch? I am 35 and my wife 30; we have two children aged 5 and 7 years. We have been in Nebraska, Crawford Co. working upon a ranch there, so we thought we would like to see British Columbia, but we do not like it, as it is no poor man's country, and we would far sooner have the prairie, and we are both well up in mixed farming. We are English, so anything you can do for us shall be very thankful.—J. Place, Salmon Arm, B.C."

May Weddings

A very pretty but quiet wedding was solemnized on Thursday afternoon at four o'clock in St. Luke's Church, when Miss Holmström (Goodman), eldest daughter of Mrs. C. Goodman, was married to Mr. Henry G. Munro, merchant tailor. In the absence of Rev. C. W. G. Moore, the ceremony was performed by Rev. H. E. Scallion of Innisfail. The bride looked charming in a handsome blue satin gown trimmed with real lace, wearing a large white picture hat, and carrying a lovely shower bouquet of white roses and lily of the valley. Miss Ida Goodman, sister of the bride, acted as bridesmaid. She was attired in a very becoming gown of Alice blue silk and hat to match, and carried pink roses. Mr. James Munro acted as groomsmen. After the ceremony the party repaired to the residence of the bride's mother, where a wedding supper was served. The bridal pair left on the evening train for Banff amid a shower of rice and good wishes. The bride was the recipient of a number of handsome and costly presents.

On Wednesday, May 22nd, Mrs. Ida King, one of the teaching staff of the Red Deer school, was quietly married to David Allen Halliburton, one of the popular young farmers of the district, by the Rev. W. G. Brown. The happy couple took the train for Calgary and Banff, followed by the best wishes of a large number of friends.

BASKETBALL

The High School girls played a close game of basketball with Clearview girls on the 24th, the High School girls coming out ahead by one point, the score standing 3 to 2.

RESULTS OF THE BYE-ELECTIONS

Liberals Win Out

The results of the bye-elections are not known for sure at the moment of writing, except that Cross, Boyle and Woolf appear to have been elected. Cross and Boyle by good majorities. In Clarendon the position is a tie, with two polls still to report, one of which is likely to go even and the other in favor of McKenzie. It is a rare thing to defeat a Cabinet Minister, but it almost looks as though Sedgewick might retum Blair. The fight of the Conservatives has been against fearfully long odds in every riding. The Liberal opponents have not been content to spellbait but have been backed by all the departments of the government. Railways, roads, bridges, and almost everything in the gift of the government have been freely promised. Three of these constituencies have demonstrated farms, which is also in favor of the government. McKenzie bribed the Norwist district with a bridge which they have prayed for for years, and even the Conservative Association there promised to vote for him in order to get what they have so desperately needed in order to connect with the surrounding district. We can hardly blame them, for we believe in roads and bridges before anything else in the province, and this has been the crucial need of this district. We could hardly expect them to withstand such a masterly temptation. The same thing was done in the district of Carman, and in both places, if he wins at all, the vote polled will be responsible. In Edmonton the fight has been keen and bitter. The Liberal machine has been worked overtime, and it is not unlikely that the election will be protested on the ground of corruption. If this should happen, the Attorney-General will be more effectively out of politics than if he were merely defeated. No one is so unsophisticated as to imagine for a moment that the election of Cabinet Ministers with all their powerful aid of Government departments, with unlimited money, with the wildest promises of roads, bridges, telephones, and with a railway policy like a gridiron running through every constituency in the province, and with every device known to crooked machine methods, is an endorsement of the government. If the Premier draws any such inference, we only hope that he will presume upon the people's supposed confidence in his administration to attempt a general election, and that soon.

MRS. CHARLES CRUICKSHANK DIES

The sudden death of Mrs. Charles Cruickshank, aged 48 years, took place on Saturday last, after a long illness, borne with Christian fortitude. The immediate cause of death was from cancer, but deceased, although suffering considerably, never believed she had the disease. Last year Mr. Cruickshank took her to the coast, with the hope of doing her good, and there she underwent a serious operation, and it was thought she would be better, but such was not the case, and they decided to return to Red Deer only a short time ago. The funeral, Monday afternoon, took place in St. Luke's Church, Rev. C. W. G. Moore conducting the service. Although the day was wet and disagreeable, a large number of friends assembled at the church to pay their last sad respects to deceased, the coffin being covered with a number of beautiful flowers. The Order of Gleaners and Harvesters, as service as Mrs. Cruickshank was a member of the Order. Mr. and Mrs. Cruickshank are among the earliest settlers in Red Deer, and great sympathy is felt for the bereaved husband and family in their great loss by a large circle of friends.

Ferry Goes Down

The Rocky Mountain House Echo says: "Last Saturday morning the ferry filled and sank, no one being on board at the time. The tub has been in no shape to handle large amount of traffic which has to be piled across the river here this summer, ferryman Austin having had to bail her out one or more times that day. On Saturday Contractor Mike Madden had twelve teams pull it out of the water and up on the shore. Then the Northern Construction Company put on three men who understand that kind of work to make it water tight, and it is expected that she will be launched again this afternoon. The sinking of the ferry means considerable delay and loss to railway contractors, who have many teams freighting west."

CENTRAL ALBERTA FOOTBALL LEAGUE

The Red Deer United met the Didsbury team last Friday, May 24th, in the first game for the League, and were victorious by 4 goals to 0. From the start Red Deer showed their superiority and scored the 4 goals in the first half time. The forwards did good work, although in the second half the halfbacks were rather slow in coming to their help. Didsbury has a good team, but apparently want more practise and combination. The following players constituted the Red Deer team: Goal, V. Day; backs, Williams and Hutchings; halfbacks, W. Scott, W. Krause and Reed; forwards, Devoey, Hopkins, Ise, Hayward and Kent. The next league game will be played at Carstairs between Didsbury and Carstairs. The Red Deer United met Olds in Red Deer on June 3rd.

C. P. R. Lose at Calgary

The C.P.R. football team had hard luck at Calgary on the 24th, losing by 1-0. In the first half of the game a heavy wind was blowing, and the Red Deer team decided to kick against it and so have the easy half start. Alas for their hopes, after kicking against the wind and holding the Calgary team down to no score, the wind dropped, and there was practically nothing stirring the last half. This gave the Calgary team a better chance as they were fresher, and they scored one goal, which they deserved, as they had the best of the play in this half. The Red Deer team was: Goal, Davis; backs, Smith and Scott; halves, Brydie, Nicol and Woods; forwards, R. Steadman, Barnes, J. Steadman, Howie and Phillips.

The Eckville Notes

J. F. Boyce was out inspecting the schools in the district last week. B. F. Shepard called here on his way to Mexico City. He is tending looking over land there and then return to Alberta. Mrs. and Gladys Matchett returned this week from an extended visit with their daughter and sister in California. Mr. Mozier, from Oregon, has moved up on his farm recently owned by Price Bros. The picnic Friday turned out to be a little slow compared to previous years, the baseball and dance being the only important features. The Leslieville team easily defeated Eckville. The dance was very enjoyable. A. M. Thorburn was the lucky winner on J. J. Clausen's field glass raffle.

THE W. E. LORD CO'Y, LIMITED

Baseball News.

On Thursday last the Red Deer team were in good trim at Edmonton and easily beat the Eskimos by a 7-2 score. Dunn pitched great ball for Red Deer and only allowed six scattered hits, which resulted in two runs. Clayton started for Edmonton and was so general in his throwing that he was allowed to rest after he had filled the bases in the second inning, and Ford took his place, but that made no difference to the Red Deer boys all hit well, everyone getting one or more hits except Dunn. The score by innings was:—
Red Deer 2 1 1 0 3 0 0 7
Edmonton 0 0 1 0 1 0 0 2
The attendance was 700.

On Friday, the 24th, Red Deer and Edmonton played two games, one at 10.30 in the morning and at 6.30 in the evening. In the early game Red Deer again trimmed the Eskimo by a 6-2 score. The old reliable Manning was in the box and handled himself in good form, keeping everything well in hand. Clayton again pitched for Edmonton, and was again well in the early part of the game, Red Deer making four runs in the first inning; after that he pitched one ball, but the damage had been done, and the Red Deers only had to hold their own.

Score by innings:—
Red Deer 4 0 0 0 2 0 0 6
Edmonton 1 0 1 0 0 0 0 2

EVENING GAME.

In the evening game Clementson, the big outfielder for Red Deer, developed into a pitcher, and though he does not shine so well there, still he will do on a good team. He allowed nine hits, and these were nearly all base hits which accounted for the runs. The Red Deer team played an errorless game, and the Eskimos made several little mistakes. Put Skilman for Edmonton pitched a fine game, passing one out, and only allowing seven hits, which netted two runs for the visiting team.

The score by innings:—
Edmonton 1 1 1 0 2 x 7
Red Deer 1 0 0 1 0 0 0 2

Calgary and Bassano also broke even on the 24th, Bassano taking the afternoon game and Calgary the evening. Dollar, of Bassano, pitched great ball in the afternoon game, but fell down when he tried the evening game. Also Dollar held the box for Calgary in the first game, and Barnstead in the last game. The scores by innings:—
Afternoon game—
Bassano 3 1 0 0 2 0 0 8
Calgary 0 0 0 0 0 0 1 1 2
Evening game—
Bassano 0 0 0 0 0 1 0 1 0
Calgary 3 0 1 1 0 1 0 x 6

Most Successful Year for Imperial Bank.

Balance Sheet Would Indicate Increase in Capital Stock.

The annual balance sheet and statement of profit and loss account of the Imperial Bank, which has been distributed, reflects the most successful year in the history of the bank. Net profits for the year ending April 30, exclusive of the premiums received on new capital stock are \$162,000 in excess of the profits for the previous year. The dividends paid were \$86,000 greater than the previous year. During the year \$50,000 has been applied on bank premises account, and the balance carried forward is \$189,000 greater than in 1911.
In the balance sheet notes in circulation are shown to be \$5,303,642, an increase for the year of \$882,000, which brings the circulation close to the limit allowed. In view of this fact and of the successful year which has been closed, it would not seem improbable that an increase in the capital stock of the bank may be announced at the annual meeting next week. Deposits are over \$8,000,000 in excess of the previous year, while the total assets are \$72,751,667, against \$63,710,026 in 1911.

First Baby Born After Mother's Death

New York, May 13.—The world's first baby boy to be born after his mother's death is now in a Fortham hospital full of vitality and apparently destined to live out his natural life. The child was delivered ten minutes after the mother had died of apoplexy and the boy weighed eight and a half pounds. The case is said by physicians to be most startling, as showing that life persists in the organs following death. The boy's mother was Mrs. Robert Lipschitz, of 804 East 178th avenue, the Bronx. She died early on Saturday morning.

BY-LAW No. 26

A By-law relating to the issue of debentures of the Red Deer Public School District No. 104 of the Province of Alberta.

WHEREAS it is necessary and desirable that the sum of Ten Thousand dollars should be borrowed on the security of the Red Deer Public School District No. 104 of the Province of Alberta, for the purpose of building a frame school, equipping same, purchasing land for a teachers' residence and building and furnishing the same, repayable to the bearer in twenty equal consecutive annual instalments with interest at not more than eight per centum per annum.

Now therefore the Board of Trustees of the said District enacts as follows:—
1. That the necessary proceedings be taken under the School Ordinance to obtain the sanction of the Minister of Education to the said loan:—
2. That if the Minister of Education shall empower in writing the said Board to borrow the said sum pursuant to the said Ordinance, then debentures of the said district will be issued, payable to the bearer in twenty equal consecutive annual instalments with interest at not more than eight per centum per annum and shall be executed by the chairman and treasurer of this Board.

PUBLIC NOTICE.

By the Board of Trustees of the Red Deer Public S.D. No. 104 of the Province of Alberta, WHEREAS it is deemed expedient by the Board of Trustees of the Red Deer Public S.D. No. 104 of the Province of Alberta, that the sum of Ten Thousand dollars should be borrowed on the security of the said district by the issue of debentures repayable to the bearer in twenty equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes, namely: Building a frame school, equipping same, purchasing land for a teachers' residence and building and furnishing same.

THEREFORE notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said District for and against the said debenture loan is demanded as provided by the School Ordinance, the said Board will apply to the Minister of Education for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

F. S. SIMPSON, Chairman.

Dated at Red Deer, Alta., this 20th day of May, 1912.

INSTRUCTIONS TO RATEPAYERS.

In rural districts a poll on a debenture loan may be demanded by any four ratepayers if the loan exceeds \$800.00 or if the loan is not for the purpose of building a first school house.

In town and village districts a poll may be demanded on any debenture loan by twenty and ten ratepayers respectively.

Every demand for a poll should be delivered to the secretary of the district or in his absence to the chairman of the board within fifteen days from the date of posting these notices. A certified copy of the demand should be forthwith forwarded to the Department of Education.

THE BY-LAWS.

On the 10th of June the property owners of the Town of Red Deer will be called on to accept or reject nine money by-laws, submitted to them by the Council for their approval.

Some of the by-laws are a mere matter of form, and few ratepayers will be found to oppose them. This class will include the concrete bridge on Gaetz Ave. south, improvement to town parks, addition to Council chamber and town buildings, purchase of certain streets, bridge over the C. & E., and grading and graveling by-laws.

The concrete bridge on Gaetz Avenue must be built, as the present bridge is falling down, and if that is the case a good one should be constructed. Improvements to the town parks are called for, as the parks must be maintained. An addition to the town buildings is a necessity, as the public now have no place to meet since the room in the fire hall has been turned over to the firemen. The purchase of certain streets and grading and graveling all come under work that must be done if the high standing of our town is maintained. The overhead bridge crossing the C. & E. track will cost from five to six thousand dollars and the town is only asked to contribute one thousand to this enterprise. The citizens, we feel sure, will not refuse.

The three remaining by-law, namely, the motor combination wagon for the fire department, the exhibition buildings for the Agricultural Society and the grant for addition to the Memorial hospital will be discussed and criticised by some of the property owners.

The addition to the hospital is a great necessary, and the Hospital Board have taken steps to hand the hospital property over to the town, and as this is worth at least \$50,000, the ratepayers should be willing, as a business move, to pass the by-law, as the hospital will then be added to the assets of the town.

How Red Deer has existed so long without a good agricultural show is hard to explain, unless it is that for years two factions have been fighting for supremacy, which has caused conflicting feeling between the country and town. This now has all been amicably settled. All parties are united on a first class agricultural show for Red Deer. It absolutely has to come. The Town Council, realizing that there must be buildings, are asking the property owners to assist in making the fair a success by erecting these necessary buildings. We feel assured that citizens will back them in the move they have made.

The last by-law is that of a motor combination wagon for the fire department. This calls for an expenditure of \$7,000 and interest, or an annual payment of \$800.53, not a very large sum, especially as, probably, twenty per cent. of this amount is for equipment, such as hose, etc. More opposition has developed to this last by-law than all the others combined. Councillor Bortell opposed it from the beginning and tried to prevent it being submitted to the people.

His main objections to the by-law are that it is not for the benefit of the town, that the purchase is premature; that a motor driven fire truck has no place in our fire equipment with our present roads; that snow would prevent motor get-

ting to some fires in winter; and that the motor might drop into or across some of our new laid sewer or water mains on dark streets and become utterly helpless. He quotes Chief Smart of Calgary as favoring motor apparatus as better than horse driven for cities with good roads, but infers it would be bad for a town like Red Deer.

This is about all that can be said against the by-law.

The News favors all the by-laws, as they are progressive, and can see no reason why a motor truck cannot be as useful in Red Deer as other cities and towns. To begin with, we commend Councillor Bortell for coming out fair and square with his honest opinions, and finding out all the objections possible against a motor truck.

In dealing with the objections of Councillor Bortell, who is very sincere, several of his arguments must be thrown out. For instance, snow in winter. There are few cities or towns in the northern part of the continent where less snow will be encountered than in Red Deer, and in the past ten years as much, still they have motor trucks. As to dropping into sewers and drains, the same objections will apply to cities. The only valid objection is that muddy roads will stop machine.

Now Chief Meeres has received several letters from fire chiefs all in favor of the motor, and that it will go in mud where a horse drawn apparatus will go; that in ordinary mud it will go fire quicker. The motor truck is differently constructed than an auto—it will go through mud with greater ease. The chains are always on the wheels, and the Chief even claims it will go up the east hill when the mud is deep. It is a pity a demonstration could not be made of this fact, but the town has a Chief of the fire department of whom we may all be justly proud. His recommendations in the past to the Council have invariably been for the betterment of our fire department, and he recommends this motor truck strongly after giving the question the deepest study for months. The advantage of a motor service would be that in case of a fire at the Hospital, at the Ladies' College, at the Convention, at the Tannery, the brick yards, or the Great West lumber yards, they could be much quicker on the spot than with horses, and probably save ten times over the cost of the apparatus at one fire. During the past year autos ran very much in winter and summer, and a motor truck could do the same. Red Deer's mud cannot be compared to the mud of some of the eastern cities, as it does not stick, yet they have motor trucks.

We contend it is never too early to make an improvement of this kind, and hope every property owner will devote some time to looking into the merits of a motor truck with Chief Meeres, when we feel assured all their scruples against the purchase will vanish.

It is to date, virtually every Republican state which has had a primary has used it to vote against Taft. The cumulative effects of such votes there, of Illinois, Pennsylvania, Maine, North Dakota, California, Minnesota, and West Virginia, has been hard on the Taft men. Their talk about Ohio has been all in vain, late in private, and that in public they have been obliged to keep up a brave face. They feel that Ohio has said the last word, and that their candidate can hardly be nominated. They further recognize that it will be impossible to use the power of the national committee to force the adoption of a temporary rule, which will seat all the Taft delegates in contested cases.

Until Ohio was heard from they still hoped for this.

MAINE STILL "DRY."

At the State Convention of the Republican Party a few days ago, in the State of Maine, the following plank was framed into the political platform:

The people by a majority vote have declared against the abrogation of the amendment of the Constitution relating to prohibition. We accept the verdict of the people and are emphatically opposed to all attempts to re-open this question in any form. The law must be respected—Pioneer.

ROLL THE GROUND.

Some farmers are asking if it would be wise to roll or harrow their wheat or oat ground this spring. It certainly would, especially if a crust has formed, or if the ground has cracked or heaved, or is very loose. Rolling or harrowing when the ground is not wet will not do any harm, and therefore, ten chances to one, it will do a great deal of good. A corrugated roller is to be preferred to a smooth roller. The spikes of the harrow should be tilted backward a little to avoid pulling up more plants than are advisable. Do not be afraid to harrow the ground thoroughly.

Roosevelt Beats Taft In Ohio By Over 20,000.

Washington Thinks Taft Has No Chance At Chicago Now.

In Washington, D.C., May 22.—The opinion is general in Washington that if Colonel Roosevelt had achieved in Ohio the victory indicated by the returns so far compiled, President Taft probably will be beaten in the nomination in the Chicago convention. Talk of a compromise for republican candidate is rife again in Washington. The difficulty is in getting together on anything. Justice Hughes' refusal to be considered takes out of the race the likeliest candidate, and the names that are suggested in his place sound like the counsels of desperation. For instance, ex-Vice-President Fairbanks is talked of, in spite of the obvious fact that Mr. Fairbanks could get no votes that he could not possibly get. Other names suggested are those of Secretary Nagel and Senator Lodge.

MAY CHANGE COMMITTEE.

The chief subject of interest, however, is the effect of the Ohio vote on the national committee, which is to meet in Chicago to take action on the contests, which number nearly 140. Hitherto it has been assumed that the committee would be governed by its admitted preference in favor of Taft. But the committee is made up of politicians, and men who have the sentiment of their home state to reckon with in case they desire any future political pre-eminence. It is manifest, among them has been noticed of late.

The stock names mentioned by Taft men in all their recent talks about how the National Committee was sure to stand pat have been those of Penrose, of Pennsylvania; Cray, of Massachusetts; and Lawler, of Illinois. But Illinois went overwhelmingly for Roosevelt, so did Pennsylvania, and Massachusetts repudiated Cray's leadership. Today Penrose announced that he probably would not go to Chicago, but would send a proxy.

TAFT MEN DISCOURAGED.

Among the rank and file of the committee, the evidences of cynicism are much stronger. The hope of the Taft men has been that the committee would decide every contest favorably to Taft. This hope has been much diminished by the result in Ohio.

Up to date, virtually every Republican state which has had a primary has used it to vote against Taft. The cumulative effects of such votes there, of Illinois, Pennsylvania, Maine, North Dakota, California, Minnesota, and West Virginia, has been hard on the Taft men. Their talk about Ohio has been all in vain, late in private, and that in public they have been obliged to keep up a brave face. They feel that Ohio has said the last word, and that their candidate can hardly be nominated. They further recognize that it will be impossible to use the power of the national committee to force the adoption of a temporary rule, which will seat all the Taft delegates in contested cases.

Cricket Match

The Red Deer Cricket Club sent a very good team to Innisfail on May 24th and defeated the local team, by 48 runs.

The outing was very much enjoyed by all who went down, the weather being perfect and the results most satisfactory. Capt. Lloyd Williams having won the toss, sent E. G. Johns and C. Greenham in to open the batting for Red Deer; the two batted well and put on 17 runs for the first wicket. Johns, however, had two lives given him before he settled down. Lloyd Williams, H. G. Ross, A. Wood and H. Daniels each made a few runs. The Red Deer first innings closed for 67 runs.

T. Coburn and E. G. Johns opened the attack for Red Deer and bowled so well that the Innisfail XI were all disposed of for 34, of which A. Lennox made 14. Johns took 5 wickets for 23 and T. Coburn, 5 for 40, so the bowling honors were very equally divided.

Upon going in to bat the second time Red Deer fared very poorly. Johns showed any confidence, making 11 out of a total of 32. Using the same pair of bowlers, the Innisfail team were disposed of very cheaply, the only man getting 15 runs in this, their second venture.

H. L. Hutchins kept wicket for Red Deer in splendid style, only letting 3 extra past him in the two innings. The fielding was very fair, several good catches being made, and very few errors; however, there is plenty of room for improvement. The batting was by no means as good as it should have been, as we saw some much stiff propositions before us, it is necessary for us all to get down to the practice ground as much as possible.

The club have the following game to play in June. Members, please mark these dates on your calendar and reserve them.

June 5 or 7—Pine Lake at Red Deer.

June 12—Innisfail at Red Deer.

June 19—Edmonton at Edmonton.

SOWING HIS WILD OATS REAPING A HARVEST OF SORROW

How many young men can look back on their early life and regret their misdeeds. Sowing their wild oats in various ways. Excesses, violation of nature's laws, "wine, women and song"—all have their victims. You have reformed but what about the seed you have sown—what about the harvest? Don't trust to luck. If you are at present within the clutches of any secret habit which is sapping your life by degrees; if you are suffering from the results of past indiscretions; if your blood has been tainted from any private disease and you dare not marry; if you are married and live in dread of symptoms breaking out and exposing your past; if you are suffering as the result of a mispent life—**DRS. THE TOWN COUNCIL

The regular meeting of the Town Council was held Thursday evening last. His Worship Mayor R. B. Welliver in the chair, and Councilors Carswell, Byers, Galbraith, Malcolm and Botsford in attendance.

COMMUNICATIONS.
Bell Filtration Co., of Canada, wrote re. filtration. Filed.

Valley City Seating Co., re. seating new town building. Filed.

The Secretary of Union of Municipalities asked for interest in coming meeting and that a paper be furnished by some of the delegates from Red Deer. Filed.

Acknowledgement received of grant to China famine fund from Shanghai, China.

Canadian Fairbanks Co. asked information re. franchises and Electric Co. appliances. Filed.

Commissioner Stephenson asked three days' leave of absence next week to visit Edmonton, but some municipal business will also be attended to. Granted.

The Fire Inspector reported people were constantly erecting buildings within the fire limits without taking out a permit, and the Inspector suggested that such persons be prosecuted.

Councilors Malcolm and Byers suggested that a notice be put in the papers warning contractors that they will be prosecuted if they persist in erecting buildings without a permit. Councilors Galbraith and Botsford moved that a notice be published in the town newspapers by the building inspector as to the regulations re. the procuring of building permits before construction or alteration of buildings in the town limits. Carried.

The Town Solicitors gave their opinion re. the claim W. L. Gibson sent in to a recent meeting of the Council.

Councilors Galbraith and Botsford moved that, in view of the opinion of the Town Solicitors re. the claim of Mr. W. L. Gibson for damages to dress because of alleged defective sidewalk, and the fact that the Council felt that no negligence on the town's part can be shown, the claim be not entertained, and that Mr. Gibson be so notified. Carried.

Dr. J. Collison asked permission to erect a small addition to his kitchen, about 6 by 12 feet. Granted.

COMMISSIONERS' REPORT.
The Commissioners brought in the following report:

We have decided, subject to your approval, to detail a man to repair the sidewalks and roads exclusively. He will inspect them from time to time and make repairs where required. He will be paid by the hour the same as the other town workmen.

We were compelled to request Smith & Gaetz to alter their plans for the warehouse at the rear of John's furniture store on Gaetz Ave.

We required them to leave a space of at least four feet between the buildings and to lower the roof to 12 feet as required by the by-law.

As the mare with the injured knee was not improving, we decided to turn her out for a few months and to purchase another horse for the fire team, as the Fire Chief required one immediately. With the Chief we went to Penhold on the 15th inst. and purchased a grey gelding, three years old, from W. J. Douglas for \$200.00. We recommend that this purchase be ratified by you. Should the mare recover and become fit for work, we can sell this horse, and should she not improve we will sell her.

We recommend that C. A. J. Sharman, architect, be authorized to call for tenders for the erection of the addition to the offices.

We have had some grading done on 3rd Ave. East, from 1st St. S. to the exhibition grounds and the walk extended to there also. As there are no petitions against any of the plank walks being built, we will commence laying them at once, except where grading is required first.

The boulevard have been set out with trees and seeded down by Supt. Halstead. He is now placing temporary fences around them to protect them until the grass and trees are established. We feel confident that the citizens, and especially the residents on the streets where this work has been done, are pleased with the great improvement made in the appearance of the streets that are boulevardized, and that resident owners on other streets will be anxious to have similar improvements made on their streets.

The matter of the engineering work for the year should be settled at this meeting so that preparations for the summer's work may not be delayed.

We submit herewith accounts for your authorization to pay.

All of which is respectfully submitted.

R. B. WELLIVER,
A. T. STEPHENSON,
Commissioners.

The report was adopted.

ACCOUNTS.
The following accounts were passed and ordered to be paid:

W. Kerabe \$8.25, Wage Sheet for May 51.12, The Douglas Co. 32.00, Sup. of Neglected Children 6.15, Wm. Kerabe & Co. Ltd. 32.00, W. J. Douglas 200.00, The Garlock Packing Co. 46.31, Metals Ltd. 391.22, Wab John 3.39.

Councilors Galbraith and Malcolm moved that Seymour & Dave be appointed to take charge of the engineering work of the town for 1912 under the terms of the agreement to be drawn up by the Town Solicitors. Carried.

The Council then adjourned at 9:30 o'clock.

Leslieville.

The Rev. Mr. Bennett, of Red Deer Baptist Church, preached in Bethel Union Church on May 19th.

Some of the Leslieville people were at the shadow social at Piteux and report having had a splendid time.

The crops in this district are looking fine. Some oats are three inches high, while winter grains are seven and eight.

Don't forget the boy social to be held in the Leslieville school on May 31st. A good programme will be given. Proceeds to go to the Leslieville Athletic Association. Ladies please bring boxes.

The Rev. Mr. Appleton, Presbyterian student at Evans, was a visitor here this week.

The Rev. E. G. Heaven preaches in Bethel Union Church every second and fourth Sunday.

The 24th at Blackfalds.

The Red Deer High School sent up a baseball and a football team to Blackfalds on Friday to take part in the sports held there. The boys have to thank the sports committee for putting up prizes for them to play for instead of money, in both the baseball and football contests. Red Deer High School played the Blackfalds team in baseball first, and it was a very good game. C. Smith for Red Deer pitched almost shut out ball, and only one Blackfalds man got to third, and that was on a pass ball. The Blackfalds pitcher was hit more freely, though he kept the hits scattered, and the Red Deer boys got three runs in a five innings game, thus winning by 3-0.

Red Deer team were: C. Smith p. Dougherty c. R. Smith ss. Richardson 3b. White 2b. Chadsey 1b. Carswell cf. Evans rf. Brown lf. The Red Deer team did not enter the tournament which was for a money prize. Four teams entered this contest, viz: Blackfalds, Rainy Creek, Jackfish Lake and Jones Valley. Blackfalds won from Jones Valley, and Rainy Creek won from Jackfish Lake. In the final game Blackfalds won from Rainy Creek, thus taking first mon-

ey.

Ponoka girls played Blackfalds in basketball and had things all their own way, winning by a large score.

The Red Deer High School football team then played Blackfalds, and it was not a bad exhibition, though the grounds were a little rough. Blackfalds started strong and for a few minutes kept the ball in Red Deer territory, but the Red Deer boys soon showed that they had more practise, and began to crowd the Blackfalds goal. They got one in, but it was off-side. One or two good chances were missed, and then J. Wright rolled one through when the Blackfalds goalie missed. After half Red Deer had the best of the game, and had several good chances to score, but only succeeded once, when J. Wright got another one, making the score 2-0 in favor of Red Deer at time. The team were: C. Smith, R. Smith, A. Carswell, C. Carswell, Ingramme, Wright, Evans, Bremner, White, Miller, Brown.

In the foot races H. Evans showed them all something about running. Johnnie Wright furnished excellent music on the bagpipes at the sports grounds, which have been moved to the north, making them much nearer the town.

Everything was pulled off in racing style, and Blackfalds are to be congratulated on the success of their annual celebration.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Pile Wharf at Edmonton, Alta.," will be received at this office until 4:00 P.M. on Monday, June 17, 1912, for the construction of a Pile Wharf at Edmonton, Alberta.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of F. G. Goodspeed, Esq., District Engineer, Edmonton, Alta., and L. B. Elliott, Esq., Acting District Engineer, Calgary, Alta.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS, Secretary.

Department of Public Works,
Ottawa, May 15, 1912.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—20396.

REFRIGERATORS

A NOTHER luxury that every family can enjoy today that a king could not a hundred years ago.

If you are not using a refrigerator one of ours will save enough food in a season to pay for itself, to say nothing of the satisfaction of having better things to eat.

If you are using an old Ice Box (ice burner is a better name) one of our refrigerators will save you enough in ice bills to pay for itself in a season or two, besides unnecessary trouble and work, and keep your food better and longer.

Our line of refrigerators is complete and it will pay you to examine them.
